TELEKOMUNIKACJA

Lp.	Tytuł czasopisma	Pkt. JCR	Pkt. SJR	Wydawnictwo Adres www	Krótki opis	Polskie biblioteki, w których znajdują się czasopisma
Punktowane czasopisma z listy JCR (filadelfijskiej); lista „A” MNiSzW						
1.	IEEE Communications Magazine	45	4,919	Institute of Electrical and Electronics Engineers http://ieeexplore.ieee.org/xpl/RecentIssue.jsp?reload=true&punumber=35	This magazine covers all areas of communications such as lightwave telecommunications, high-speed data communications, personal communications systems (PCS), ISDN, and more. It includes special feature technical articles and monthly departments: book reviews, conferences, short courses, standards, governmental regulations and legislation, new products, and Society news.	CBK PAN

2.	Government Information Quarterly	35	1,045	Elsevier http://www.journals.elsevier.com/government-information-quarterly/	Government Information Quarterly is a cross-disciplinary and refereed journal that covers information and telecommunications policy, information management, information technology planning and management, and e-government practices, policies and issues relevant to all levels of government within the United States and abroad. The articles analyze current information policies and practices, present new developments, provide theoretical and philosophical treatises, and discuss current issues and strategies for managing government information-based services and resources.	BUW UW
3.	RAND Journal of Economics	35	3,491	http://onlinelibrary.wiley.com/journal/10.1111/(ISSN)1756-2171	The RAND Journal of Economics publishes theoretical and empirical research on industrial organization and closely related topics, including contracts, organizations, law and economics, and regulation. The purpose of The RAND Journal of Economics is to support and encourage research in the behavior of regulated industries, the economic analysis of organizations, and more generally, applied microeconomics. Both theoretical and empirical manuscripts in economics and law are encouraged.	BUW UW
4.	Telecommunications Policy	35	0,711	Elsevier http://www.journals.elsevier.com/telecommunications-policy/	Telecommunications Policy is concerned with the roles of information and communication technologies (ICT) in the economy and society. The journal is multidisciplinary and international, encompassing conceptual, theoretical and empirical studies, quantitative as well as qualitative. Its scope includes ICT markets; policy, regulation, and governance; management, entrepreneurship, innovation and use. Contributions may explore these topics at national, regional and international levels, including issues confronting both developed and developing countries.	BUW UW

5.	The Information Society	30	0,835	Taylor and Francis http://www.tandfonline.com/toc/utis20/current	The Information Society is a multidisciplinary journal intended to answer questions about the Information Age. It provides a forum for thoughtful commentary and discussion of significant topics in the world of information, such as transborder data flow, regulatory issues, the impact of the information industry, information as a determinant of public and private organizational performance, and information and the sovereignty of the public and private organizational performance, and information and the sovereignty of the public.	BUW UW
6.	Review of Network Economics	25	0,606	Berkeley Electronic Press http://www.degruyter.com/view/j/rne	The Review of Network Economics seeks to help policy makers, academics, and practitioners keep informed of new research and policy debate in network economics and related subjects that are relevant to the study of network industries. The articles can cover specific network industries, or may deal with general issues that have relevance to a number of different network industries, including topics in the economics of networks, regulation, competition law, or industrial organization.	BUW UW

1.	Przegląd Telekomunikacyjny + Wiadomości Telekomunikacyjne	6		Wydawnictwo Czasopism i Książek Technicznych <i>SIGMA NOT</i> http://www.sigmanot.pl/czasopisma-59-elektronika-energetyka-elektrotechnika-przeglad-telekomunikacyjny.html?view=fullDesc	Obejmuje zagadnienia naukowo-techniczne i techniczne dotyczące: elektroniki, teletransmisji, komutacji, radiokomunikacji, radiofonii i telewizji, technik multimedialnych, miernictwa, publikowane są też artykuły przekrojowe, dotyczące zagadnień sieciowych i usługowych, aspektów prawnych i ekonomicznych związanych z wymienionymi dziedzinami.	BN

2.	Telekomunikacja i Techniki Informacyjne	2		Instytut Łączności http://www.itl.waw.pl/publikacje/kwartalnik-titi	<i>Telekomunikacja i Techniki Informacyjne</i> jest kwartalnikiem o zasięgu krajowym, prezentującym informacje o bieżących problemach, tematach badawczych i osiągnięciach naukowych w zakresie techniki, ekonomiki oraz organizacji w dziedzinie telekomunikacji i w technikach informacyjnych.	BUW UW
Inne czasopisma						
1.	Telematics and Informatics		0,627	Elsevier http://www.journals.elsevier.com/telematics-and-informatics/	Telematics and Informatics is an interdisciplinary journal examining the social, economic, political and cultural impacts and challenges of information and communication technologies. Current technologies and issues of interest include e-commerce and e-governance, the WWW, the 2.0 paradigm, regulation of digital technologies, social networking, special user groups, mobile and wireless communications, peer-to-peer learning, green computing, alternative community networks, ICT for sustainable development, globalization and security, management and policymaking, advertising and the internet, use of ICT in healthcare and education.	BUW UW
2.	Communications & Strategies			http://www.idate.org/en/forum/communications-strategies_41_.html	COMMUNICATIONS & STRATEGIES is a quarterly international journal that publishes peer-reviewed papers focusing on the industry's key issues and offering a forum for the finest socio-economic analysis of the telecoms, IT and audiovisual sectors.	BUW UW
3.	New York Law School Media Law & Policy			http://www.nyls.edu/media_center/media_law_and_policy	MLP is dedicated to the advancement and discussion of current topics in the fields of telecommunications, media, and intellectual property law.	brak

ENERGETYKA

Lp.	Tytuł czasopisma	Pkt. JCR	Pkt. SJR	Adres internetowy	Krótki opis	Polskie biblioteki, w których znajdują się czasopisma
Punktowane czasopisma z listy JCR (filadelfijskiej); lista „A” MNiSzW						
1.	Energies	25	0,717	http://www.mdpi.com/journal/energies	<i>Energies</i> is an open access journal of related scientific research, technology development, engineering, <i>and the studies in policy and management</i> and is published monthly online by MDPI For <i>Energies</i> , authors are asked to pay a fee of 1200 CHF (Swiss Francs) per processed paper, but only if the article is accepted for publication in this journal after peer-review and possible revision of the manuscript. Note that many national and private research funding organizations and universities explicitly cover such fees for articles originated in funded research projects.	BUW UW
2.	ENERGY	45	1,847	http://www.journals.elsevier.com/energy/	The journal also welcomes papers on related topics such as energy conservation, energy efficiency, biomass and bioenergy, renewable energy, electricity supply and demand, energy storage, energy in buildings, <i>and on economic and policy issues, provided such topics are within the context of the broader multi-disciplinary scope of Energy.</i>	BUW UW
3.	Energy & Environment	15	0,201	http://www.multi-science.co.uk/ee.htm	A particular objective is to cover the <i>social, economic and political dimensions of such issues at local, national and international level.</i> The technological and scientific aspects of energy and environment questions including energy conservation, and the interaction of energy forms and systems with the physical environment, are covered, including the relationship of such questions to wider economic and socio-political issues.	Sejm
4.	Energy Economics	45	1,841	http://www.journ	This journal provides a serious forum for research papers concerned	BUW UW

				als.elsevier.com/energy-economics/	with the economics and econometric modelling and analysis of energy systems and issues. Contributions to this theme can arise from a number of disciplines, including economic theory, financial economics, regulatory economics, computational economics, statistics, econometrics, operational research and strategic modelling. A wide interpretation of the subject is encouraged to include, for example, issues related to forecasting, financing, pricing, investment, taxation, development, policy, conservation, regulation, risk management, insurance, portfolio theory, fiscal regimes, accounting and the environment.	
5.	Energy Efficiency	25	1.150	http://www.springer.com/engineering/energy+technology/journal/12053	The journal covers wide-ranging aspects of energy efficiency in the residential, tertiary, industrial and transport sectors. <i>Coverage includes a number of different topics and disciplines including energy efficiency policies at local, regional, national and international levels; long term impact of energy efficiency; technologies to improve energy efficiency; consumer behavior and the dynamics of consumption; socio-economic impacts of energy efficiency measures; energy efficiency as a virtual utility; transportation issues; building issues; energy management systems and energy services; energy planning and risk assessment; energy efficiency in developing countries and economies in transition; non-energy benefits of energy efficiency and opportunities for policy integration; energy education and training, and emerging technologies.</i>	BUW UW
6.	ENERGY JOURNAL	35		https://www.iaee.org/en/publications/scope.aspx	More than half of the manuscripts are submitted from outside North America. One-third of submissions come from Europe with the remainder from Asia-Pacific (15%) and the rest of the world (15%). All papers are rigorously peer-reviewed with an acceptance rate of one in five.	BUW UW
7.	ENERGY POLICY	35	1.602	http://www.journals.elsevier.com/energy-policy/	Within this broad spectrum, topics of particular interest <i>include energy and environmental regulation, energy supply security, the quality and efficiency of energy services, the effectiveness of market-based approaches and/or governmental interventions, technological innovation and diffusion, and voluntary initiatives where the broader</i>	BUW UW

					policy implications can be recognised. Policy prescriptions are required to be supported by rigorous analysis and balanced appraisal.

1.	Energetyka, problemy energetyki i gospodarki paliwowo-energetycznej	4		http://www.elektroenergetyka.pl	Energetyka jest poświęcona problemom wytwarzania, przesyłania, rozdzielania i użytkowania energii elektrycznej i ciepła, budowy elektrowni, elektrociepłowni i linii elektroenergetycznych, komputeryzacji systemu elektroenergetycznego i restrukturyzacji elektroenergetyki.	Sejm, PAN
2.	Rynek energii	9	0.197	http://www.kaprint.pl/content/czasopismo	W piśmie poruszane są zagadnienia dotyczące: rynku paliw pierwotnych, ekonomiki pracy urządzeń technologicznych, aspektów ekonomicznych i sposobów finansowania małych i dużych projektów inwestycyjnych, sposobu opomiarowania zużycia energii u odbiorców hurtowych i indywidualnych, oszczędności energii, termo-renowacji budynków, budownictwa inteligentnego i emisji zanieczyszczeń.	Sejm
Inne czasopisma						
1.	The Electricity Journal		0,516	http://www.journals.elsevier.com/the-electricity-journal/	The Electricity Journal is the leading policy journal for the U.S. electric power industry. It is now the principal print venue for those who are, with their ideas, forging the new shape and design of the electricity/energy industry.	BUW UW
2.	European Energy and Environmental Law Review		0,236	https://www.kluwerlawonline.com/toc.php?area=Journals&mode=bypub&level=4&values=Journals~E+European+Energy+	European Energy and Environmental Law Review is an established bi-monthly journal which presents comprehensive coverage of the latest developments in energy and environmental law throughout Europe. In addition to this, the journal contains concise, accessible articles which explore and analyse significant issues and developments in energy and environmental law and practice throughout Europe.	INP PAN

				and+Environment al+Law+Review		
3.	Energy Research & Social Science			http://www.journals.elsevier.com/energy-research-and-social-science/	<i>ERSS</i> covers a range of topics revolving around the intersection of energy technologies, fuels, and resources on one side; and social processes and influences-including communities of energy users, people affected by energy production, social institutions, customs, traditions, behaviors, and policies-on the other.	PISM
4.	Zeitschrift für das gesamte Recht der Energiewirtschaft			http://rsw.beck.de/cms/?site=EnWZ	Die <i>Zeitschrift für das gesamte Recht der Energiewirtschaft (EnWZ)</i> wird die wesentlichen Entwicklungen des Energierechts und der Energie- sowie Bau- und Wohnungswirtschaft begleiten und kommentieren. Dabei sollen im Sinne der „Energiewende“ die gesamte energiewirtschaftliche Wertschöpfungskette ganzheitlich betrachtet werden und auch Randbereiche und Schnittstellen zu anderen Rechtsgebieten (z.B. Umwelt- und Planungsrecht, Kommunalrecht, Immissionsschutzrecht, Kartell- und Wettbewerbsrecht usw.) Beachtung finden.	Rocznik Samorządowy czasopismo sieci badawczej PA&LG
5.	Zeitschrift für Energie- und Technikrecht			http://www.pedell.at/index.php/zeitschrift.html	Die Zeitschrift für Energie- und Technikrecht informiert Sie viermal im Jahr über aktuelle Fragen des europäischen und österreichischen Energie- und Technikrechts, gegliedert in die Rubriken „Aufsätze“ – „Kurzbeiträge“ – „Rechtsvorschriften und Normen“ – „Rechtsprechung“ und „Literatur“.	Rocznik Samorządowy czasopismo sieci badawczej PA&LG
6.	Zeitschrift für Neues Energierecht (ZNER)			PONTE PRESS VERLAGS GmbH	Die Zeitschrift für Neues Energierecht (ZNER) ist die einzige rechtswissenschaftliche Zeitschrift, die sich dies zur Aufgabe gemacht hat. In dieser Vierteljahresschrift werden die relevanten Rechtskonflikte um Erneuerbare Energien in Form von Aufsätzen, Dokumentationen und Besprechungen von Gerichtsurteilen behandelt.	brak
7.	Recht der Energiewirtschaft			http://www.wolterskluer.de/kontakt/mediadaten/alle/recht-der-energiewirtschaft	Die RdE widmet sich mit aktuellen Beiträgen und themenbezogenen Berichten ausschließlich dem Recht der Energiewirtschaft. Rechtsbereiche, die auf das Energierecht einwirken – wie z. B. das Kartellrecht und das Umweltrecht – werden in den Berührungspunkten ebenfalls berücksichtigt. Nachrichten aus der	Rocznik Samorządowy czasopismo sieci badawczej

				/	Gesetzgebung sowie eine Literatur-Rubrik runden das Redaktionsprogramm ab.	PA&LG
8.	Zeitschrift für Energiewirtschaft			http://www.springer.com/engineering/energy+technology/journal/12398	Die Zeitschrift für Energiewirtschaft (ZfE) ist eine unabhängige Fachzeitschrift, die ihren Lesern wissenschaftlich fundierte Hintergrundinformationen zu den aktuellen Themen der Energiewirtschaft und –politik bietet. Das Themenspektrum umfasst Analysen von renommierten Forschungsinstituten und Unternehmensberatungen über nationale und internationale Energiemärkte sowie der Auswirkung von energie- und umweltpolitischen Entscheidungen auf die Energiewirtschaft und die einzelnen Sektoren (z.B. Elektrizitätswerke, Gasindustrie, Mineralölindustrie, etc.).	BUW UW (Portal Komunikacji Naukowej)
